### **Course Description:**

The 40-hour course provides HAZMAT Team members with the basic knowledge and skills to take appropriate offensive or defensive action that would require level A & B protection at an incident. Topics of instruction include: identification & classification of materials, selection of PPE, hazard & risk assessment techniques and advanced control & containment operations. Students will also acquire an understanding of basic chemical and toxicological behavior as well as how to function within the Incident Command System. Instruction will include classroom and hands on exercises. Familiarity with SCBA is necessary. Students must also not have any medical problems, which would preclude them from participating in hands on exercises.

### **Student Criteria:**

This course is open to all Emergency Management, Rescue, Fire, Emergency Medical, and Law Enforcement personnel or any organization having responsibility for mitigation of a hazardous materials incident. A pre-requisite for this course is completion of the twenty (24) hour Haz-Mat Operations course A copy of that course completion certificate must be provided on or before beginning of class.
